

OBSIDIAN

CABERNET SAUVIGNON | 2022

VOLCANIC ESTATE

OBSIDIAN RIDGE VINEYARD

Grown on a ridge of solid black obsidian glass high in the Mayacamas Mountains, the extreme climate, altitude and volcanics result in a wine like no other. The structure and intensity of upper blocks is complemented by aromatics and acidity of cooler blocks. The wine has a freshness and minerality that embodies the complexity and wildness of the site.
